THE GET ALONG

SEEK is Europe's most successful trade show for pop, street and sneaker culture. This upcoming season, the SEEK team presents the strongest brand portfolio yet. The Arena Berlin is where the key players meet, where the looks of tomorrow are showcased, modelled and retold, where classics are celebrated, authenticity rules the roost and where icons take their positions alongside shooting stars. SEEK is essential participation for anyone looking to curate a modern, youthful and relevant range.

Die SEEK ist Europas erfolgreichste Trade Show für Pop-, Street- und Sneakerkultur. Diese Saison präsentiert das SEEK-Team das größte Brandportfolio, das es bei der SEEK je gegeben hat. In der Arena Berlin kommt die Community zusammen. Hier werden die Looks von morgen ausgestellt und neue und alte Klassiker gefeiert.

SEEK is edgy, strong and unpolished. It's about statement designs, new classics, denim and sportswear. SEEK is the fun event for the fashion community that knows where it's going, promotes sales and unites the future generation of decision makers. Compared to all other shows SEEK is unconventional and not boring.

SEEK ist kantig, klar und unpoliert. Es geht um moderne Statement-Designs, neue Klassiker, Denim und Sportswear. SEEK ist das Event für die Fashion-Community, die weiß, wo es langgeht, Umsätze generiert und die neue Generation von Entscheidern trifft. Im Gegensatz zu allen anderen ist SEEK unkonventionell und nicht langweilig.

The first 100% responsible denim collection in the world

ISKO's latest revolutionarily sustainable innovation R-TWO™ now embraces the entire ISKO's denim offer. Relying on a blend of certified reused cotton and certified recycled polyester, this achievement completely reshapes the environmental impact of yarn-to-fabric production. Over 30 years of Responsible Innovation™, driving the charge and the change in the denim industry, have led to this cutting-edge program targeting key issues for the management of climate crisis: over-sourcing of virgin raw material and waste production.

R-TWO™ was the focus of the ISKO x Miles Johnson denim collection, crafted using low impact materials and responsible finishing techniques.
